

# 1<sup>st</sup> Annual "Fun Follows Function" HUNTING WORKSHOP

Friday February 22 - Sunday February 24, 2008

The intention of this 3-day workshop in central North Carolina is to present information regarding the hunting purposes of the Dachshund in the country of origin Germany and surrounding European countries. Each day is focused on a hunting application, in which the specific traits will be discussed in conjunction with the hunting tasks.

Ample opportunities are provided to observe the performances of the dogs and to allow your own dog(s) to be evaluated. Training suggestions are given to improve the dogs' performances. Discussions and Q&A's are highly encouraged throughout the entire workshop. The blood tracking and den work days are open to other breeds as well.

[This workshop is offered to gain more in-depth knowledge of the European hunting and training methods in a fun and relaxed atmosphere.](#)

We are fortunate that two renowned and experienced speakers agreed to come: Mr. Kraus, who is an avid German hunter, a hunting judge, and dachshund breeder, and Ms. Bogaerts, who is a Dutch hunter, hunting dog trainer, and former dachshund fancier and breeder. Both have presented numerous hunting courses in Europe. Ms. Bogaerts owns a hunting dog training school and has written books about training hunting dogs.

---

## Program Schedule:

- 1) **Blood Tracking** (artificial blood trail) on Friday February 22  
Seminars & Tracking Exercise held in Mebane, NC.  
Maximum 20 dogs Open to all hunting breeds.
- 2) **Open Trailing and Flushing\*** (rabbit) on Saturday February 23  
Seminars & Field Work held in Mebane, NC.  
Maximum 20 dogs Limited to Dachshunds only.
- 3) **Den Work\*** (fox) on Sunday February 24  
Seminars & Den Training held at a licensed fox pen in Person County, NC.  
Maximum 20 dogs Open to all AKC earthdog breeds.

\* IMPORTANT for all participants with dogs:

The North Carolina Wildlife Resources Commission requires a [valid hunting license](#) when handling dogs in the "open trailing/flushing" and/or the "den work". This (temporary) license could be one from NC or from the state of residence. We are more than willing to assist you with the application procedure for a (temporary) hunting license in your state if needed, but keep in mind that a hunter's safety course may be required.

If you do not own a hunting license and do not want to go to the licensing procedure, you may also opt to have your dog(s) handled by a person who owns a valid hunting license. Please indicate this on the registration form.

---
